

New Scotland Hill Primary School and Nursery

Freedom of Information Publication Scheme (High Level)

If you are reading a printed version of this document you should check the Information Management pages on [the school network] to ensure that you have the most up-to-date version.

Background

The Governing Body must ensure that the school is registered with the Information Commissioner's Office (ICO).

Also, the school must conform to the Freedom of Information Act 2000 which gives a right of access to information held by public bodies, including schools and academies (schedule 1, Part IV). <https://ico.org.uk/for-organisations/guide-to-freedom-of-information/what-is-the-foi-act/>

In line with Section 19 of this Act, schools must produce a publication scheme which makes it clear to the public what information they will make public when required to respond to requests for information under this legislation. Data Protection Education use the ICO model template for the Publication Scheme.

The school publication scheme should set out:

- The classes of information which will be published or which the school intends to publish either on their website or in hard copy version
- The manner in which the information will be published
- Whether the information is available to download from the website free of charge or via payment to the school

The publication scheme should conform to the model scheme for schools approved by the Information Commissioner (see references above) or a bespoke policy should be authorised by the Information Commissioner's Office (ICO).

Introduction

The School is registered with the Information Commissioner's Office (ICO) and conforms with its requirements under the Freedom of Information Act 2000. This Act gives a right of access to information held by public bodies, including schools and academies, which are required to produce a Publication Scheme that makes it clear to the public what information they will make public when required to respond to requests for information.

The Policy: In line with advice from the Local Authority, we have adopted Data Protection Education's model Publication Policy, which is based on the ICO's 'Model Publication Scheme' which covers primary schools, high school and academies.

Requirements of the Policy: As a school we are required to publicise the fact that information is available under this scheme and this is carried out annually at the beginning of the new academic year in September.

Under this scheme, we agree to review the information we are publishing. This will be done annually as we update the website. We also agree to make new information available promptly – this will be done via the school newsletter and website.

As an organisation we agree to update old information. This is carried out regularly as a matter of course, often through national channels such as the Ofsted website or the DfE school performance tables.

Information about the school is available through Local Authority as well as the government's official register of educational establishments in England and Wales - Get Information About Schools (GIAS). GIAS is also the national database of school governors <https://get-information-schools.service.gov.uk/>

What is Available: Information that is available is detailed below in table format and shows where the information can be sourced. Some information in our Publication Scheme is available in hard copy paper format from the school office, upon request. For ease of access, a large percentage of our Publication Scheme documents are available from our school website, and these are free to download.

Under this scheme, some personal and sensitive information is exempt from publication. Where information is not available online, we must respond promptly to any requests to see it. However, we are not required to create new information in order to comply with the act.

We seek at all times to keep parents and other members of the public fully informed of our activities through our website and newsletters (also available through the school's website)

Charging for access to information: Where information outlined in the Definition Document is not available on the website – either because it is not in electronic format or is too unwieldy to be transferred in such a format – we will make it available to be viewed in the school. In the first instance, you should contact the School office to arrange a viewing.

Photocopies of such information are also available, charges for copies are shown on the final page of this document.

How New Scotland Hill Primary School and Nursery is responding to the requirements of the Freedom of Information Act 2000

The purpose of our publication scheme is to demonstrate how we respond to the specific requirements of the Freedom of Information Act 2000 and how we are fulfilling the aims and objectives of the school, which are:

Objectives and targets

- Enable every child to fulfil their learning potential, with education that meets the needs of each child.

- Help every child develop the skills, knowledge and personal qualities needed for life and work.
